November 29, 2017

File ID: 26535-N38

Mr. Zanyar Farhadi, National Quality System Manager  
National Energy Equipment Inc.  
1467 Spitfire Place  
Port Coquitlam, British Columbia  
V3C 6L4

**Subject: Accreditation Certificate A0023**

Dear Mr Farhadi:

This is to advise you that as per section 12 of the accreditation agreement between Measurement Canada and National Energy Equipment Inc., the Schedule A of the agreement has been amended effective as of November 21, 2017. Please note that revision 35 of the schedule had incorrect scope for several technicians.

The detailed modifications are listed in the revised Schedule A, attached for your records.

In accordance with the requirements of Measurement Canada's accreditation program, personnel of accredited organizations performing examination activities must maintain the required level of knowledge and competencies in order to retain their recognition. Measurement Canada will periodically monitor recognized technicians' competencies.

Once granted, this accreditation is not transferable. In the case of a change of the organization's legal entity, the agreement is no longer valid. A new application must be submitted to and accepted by Measurement Canada before the organization can proceed to perform any examination activities.

Sincerely,

Merv Ostapovich  
Senior Program Officer, Innovative Services Directorate |

---

Recognized technicians named in this Schedule A, are authorized to examine devices, at any location in Canada, unless otherwise specified in this schedule.

This is an amendment to the accreditation agreement between Measurement Canada and National Energy Equipment Inc. (A0023). This schedule has been revised further to the request submitted by Zanyar Farhadi, National Quality System Manager. This revised version supersedes all previous versions.

The purpose of the amendment is to:

- Reissue Schedule A to correct incorrect scope for several technicians. Revision 35 was created incorrectly.

---

Merv Ostapovich  
Senior Program Officer - ISD  
2017-11-21
