HOW TO LOCATE PARTS

How to locate part number:

- Use the List of Tables to locate the Module containing part needed, (Hydraulics, Bezel, Electronic Head, etc.).
- Using the Module description find the Table number and page where shown. Turn to indicated page.
- In the Table use the Drawing* number, (DWG) listed under the Part No. column, to find the corresponding module drawing. Turn to drawing indicated.
- Locate the part or assembly needed on the module drawing and the corresponding Item** number.
- Then using the Item number on the drawing find the specific part number, quantity and description in the parts table for your model.
- Some parts and assemblies may breakdown further. Follow the instructions in the table to '**See Other Tables or Manuals**'.***

*Some tables refer to several Drawings (DWG) for part identification.

The item numbers shown on the drawings are intended only to locate the part number and description in the accompanying table of parts. **Do not order parts by item number.

***Some common part assemblies, subassemblies and modules are listed in the 1/Vista and 2/Vista Blending and Non-blending Shared Assemblies Manual, part no. 920345, and show a further breakdown of parts.

HOW TO ORDER PARTS

To insure correct and prompt delivery of parts, furnish the serial number, model number and any existing code number on the dispenser serial plate, located on the left front base of the dispenser, a sample of which is shown below.

When ordering parts supply the following information:

- Serial number of dispenser
- Model number of dispenser
- Part number
- Description of the part
- Quantity desired

The Model and Serial Numbers above are examples only (1/V390 Shown).

NOTE: When ordering parts with particular company specifications such as doors, advertising panels and dial faces, please call our Service Parts Department at 1-512-218-6547 with specific dispenser model number and serial number. All warranty parts are to be ordered through local distributors.
