Subject: Renewal and scope change (addition of field welding)

Dear Zanyar Farhadi,

Further to your request received for the renewal of your registration as a facility pursuant to the requirements of CSA B620-14, the enclosed Certificate of Registration has been issued. It is recommended that this Certificate be posted in a prominent location in your office area. As you will note, this Certificate of Registration has been issued to your facility for a period of five years. Continued registration is contingent upon favourable facility inspections that may be arranged during this period.

Should you have any questions about your registration or to request changes and amendments, please contact us at MOCRegister-RegistreContenant@tc.gc.ca

Sincerely,

Engineering Services

This registration is only applicable to the facility and for the functions indicated above when carried out on the specification tanks indicated above and for periodic inspection test and repair, on Canadian and US specification equivalents prescribed in CSA Standards B621-14 and B622-14. Unless specifically authorized to do so in the conditions and limitations section of this certificate of registration, no FRP work is permitted as per Clause 8.1.3.5 of the CSA B620-14 Standard.

CONDITIONS AND LIMITATIONS TO THIS CERTIFICATE:

Mobile repairs are authorized.

EXPIRY DATE OF THIS REGISTRATION:

Unless otherwise notified, this registration is valid until the date of expiry indicated below. A new application must be submitted where there is any substantive change in the information given on the application form filed with Transport Canada. Application for renewal must be made at least three (3) months before the date of expiry of the certificate.

DATE OF ISSUE: 11 October 2018

DATE OF EXPIRY: 01 November 2023

FACILITY REGISTRATION NUMBER: 25-0584
